

Statement of Lone Working

No-one undertaking work on behalf of Compost London should work alone if they are concerned about risks to themselves or others. Anyone undertaking work alone should take reasonable precautions for their personal safety. When meeting someone for the first time, especially where nothing is known about them or their organisation, arrange to meet in a public place or in an office with others nearby. If work takes place in areas which are isolated, poorly lit at night or known for high crime rates, or if there are other reasons that the situation could be risky, a worker should arrange to check in with someone when the visit is over.
